Test Scenario	TC ID	Test Case Description	Preconditions	Test Steps	Test Data	Expected Result	Status		
Valid amount input	TC-021	Enter valid fiat amount	User in purchase flow	Enter amount	150000 NGN	Amount accepted	Passed		
Zero amount	TC-022	Enter zero amount	User in purchase flow	Enter amount	0	System rejects amount	Passed		
Negative amount	TC-023	Enter negative amount	User in purchase flow	Enter amount	-5000	System rejects amount	Passed		

Non numeric input	TC-024	Enter text value	User in purchase flow	Enter amount	abc	Input rejected	Passed		
SATs DISPLAY FUNCTIONALITY									
Test Scenario	TC ID	Test Case Description	Preconditions	Test Steps	Test Data	Expected Result	Status		
BTC conversion display	TC-025	Display BTC equivalent in sats	User enters fiat amount	Enter amount	150000 NGN	Sats equivalent displayed	Passed		
Dynamic update	TC-026	Sats update when amount changes	Amount entered	Change amount	120000 NGN	Sats recalculated	Passed		
WALLET ADDRESS INPUT FUNCTIONALITY									
Test Scenario	TC ID	Test Case Description	Preconditions	Test Steps	Test Data	Expected Result	Status		
Valid wallet address	TC-027	Enter valid wallet address	User purchasing crypto	Enter address	Valid BTC address	Address accepted	Passed		
Invalid wallet address	TC-028	Enter invalid wallet address	User purchasing crypto	Enter address	randomtext	Validation error	Passed		
Empty wallet field	TC-029	Submit empty wallet address	User purchasing crypto	Leave field empty	None	Required field error	Passed		
VIRTUAL ACCOUNT GENERATION FUNCTIONALITY									
Test Scenario	TC ID	Test Case Description	Preconditions	Test Steps	Test Data	Expected Result	Status		
Generate virtual account	TC-030	Generate payment account after purchase	Purchase initiated	Proceed to payment	None	Temporary bank account generated	Passed		
PAYMENT TIME LIMIT FUNCTIONALITY									
Test Scenario	TC ID	Test Case Description	Preconditions	Test Steps	Test Data	Expected Result	Status		
Payment within time	TC-031	Complete payment within 30 minutes	Virtual account generated	Make transfer	Valid payment	Payment accepted			
Payment after expiry	TC-032	Attempt payment after 30 minutes	Time expired	Attempt payment	Valid payment	Transaction rejected			
PAYMENT CONFIRMATION FUNCTIONALITY									
Test Scenario	TC ID	Test Case Description	Preconditions	Test Steps	Test Data	Expected Result	Status		
Payment confirmation	TC-033	User clicks "I Have Paid"	Transfer completed	Click confirmation button	None	Payment verification initiated	Passed		
TRANSACTION PROCESSING FUNCTIONALITY									
Test Scenario	TC ID	Test Case Description	Preconditions	Test Steps	Test Data	Expected Result	Status		
Successful processing	TC-034	Payment processed successfully	Payment confirmed	Wait for processing	Valid payment	Crypto transfer initiated	Not Sure	I didn't recieve an Email showing if the payment went through. So it is undetermined in this test.	
Failed processing	TC-035	Payment processing failure	Payment confirmed	System processes transaction	Invalid state	Failure message shown	Not Sure	I didn't recieve an Email showing if the payment went through. So it is undetermined in this test.	
TRANSACTION HISTORY FUNCTIONALITY									
Test Scenario	TC ID	Test Case Description	Preconditions	Test Steps	Test Data	Expected Result	Status		
View history	TC-036	User views transaction history	User logged in	Navigate to transactions page	None	Transaction list displayed	Passed		
Verify latest transaction	TC-037	Confirm new transaction recorded	Transaction completed	Check history	None	Latest transaction visible	Passed		
NAVIGATION MENU FUNCTIONALITY									
Test Scenario	TC ID	Test Case Description	Preconditions	Test Steps	Test Data	Expected Result	Status		
Dashboard navigation	TC-038	Navigate to overview page	User logged in	Click Overview	None	Overview page loads	Passed		
Plans navigation	TC-039	Navigate to plans page	User logged in	Click Plans	None	Plans page loads	Passed		
Transactions navigation	TC-040	Navigate to transactions page	User logged in	Click Transactions	None	Transactions page loads	Passed		
Profile navigation	TC-041	Navigate to profile page	User logged in	Click Profile	None	Profile page loads	Passed		
Resources navigation	TC-042	Navigate to resources page	User logged in	Click Resources	None	Resources page loads	Passed		
Support navigation	TC-043	Navigate to support page	User logged in	Click Support	None	Support page loads	Passed		
UI TEST									
Test Scenario	TC ID	Test Case Description	Preconditions	Test Steps	Expected Result	Status			
Registration Page UI	TC - 044	Verify registration page loads correctly	User opens registration page	Open registration page	All UI elements display properly	Passed			
Form Alignment	TC - 045	Verify form fields alignment	User on registration page	Observe email and password fields	Fields are properly aligned	Passed			
Button Visibility	TC - 046	Verify register button visibility	User on registration page	Check register button	Button is visible and clickable	Passed			
Navigation Menu UI	TC - 047	Verify navigation menu items display	User logged in	Observe navigation menu	All menu items visible	Passed
